

Year 1 Term 6 PBL Sheet

Week 2	Week 3	Week 4	Week 5
<p>Week beginning: 10th June Project focus: Trees/flowers</p> <p>Are all leaves the same? Why do you think that? How could you prove that they are different or the same? You could do: Leaf rubbings Observational drawings Measuring leaves Adjectives to describe the leaves. Plant some flowers and watch them grow. What do they need to survive? Take photos and send them to your teacher. How tall did they grow?</p> 	<p>Week beginning: 17th June Project focus: Fruits/vegetables</p> <p>Make a fruit salad at home. What is your favorite fruit? Why? Could you make a fruit salad that was only red or only blue? Take photos and send them to your teacher so that we can add them to our classroom.</p> 	<p>Week beginning: 24th June Project focus: Insects</p> <p>We will be going on a 'save the bee' walk around the local area on Wednesday 26th June at 13.15pm. All children will need to wear a bee costume. If your parents or carer would like to come they must come dressed as a bee too.</p> <p>Make your own bees at home and bring them in on Friday 28th June. We can hang them in the classroom.</p> 	<p>Week beginning: 1st July Project focus: Planning an ideal garden.</p> <p>Make a plan for the perfect garden that would help the animals. It needs: trees, flowers, a place to grow fruits/vegetable. You could even include a bug hotel or grow special flowers that bees like?</p> 

Week 6	Week 7	Week 8	
<p>Week beginning: 8th July Project focus: Exhibition week</p> <p>Practise your presentation skills to your parents/carers We will be holding our exhibition at 14.00 onwards on Wednesday 10th July.</p>	<p>Week beginning: 15th July Project focus: International week Hubble: Italy Halley: Madagascar Research about the country your class will be exploring and make a poster. What famous buildings are there? What food do they eat? What is the capital called? What does the flag look like?</p>	<p>Week beginning: 15th July Project focus: Last three days of school</p>
